APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all prior rights on the stream system of which this source is tributary. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the water herein granted at any and all times. It is distinctly understood that the applicants agree to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed

Ten - = - cubic feet per second. (10.00)

Actual construction work shall begin on or before April 4, 1918

Proof of commencement of work shall be filed before May 4, 1918

Work must be prosecuted with reasonable diligence and be completed on or before April 4, 1921

Proof of completion of work shall be filed on or before May 4, 1921 Application of water to beneficial use shall be made on or before

October 4, 1925 Proof of the application of water to beneficial use must be filed with State Engineer on or before November 4, 1925

Proof of labor filed MAY 4 1918 WITNESS MY HAND AND SEAL this 24th day

Map filed JAN - 3 1919

of October, 1917.

Cancelled January 4, 1923 because of failure of
applicant to comply with provisions of permit.
